Category Shooting - category yet ever hot on the video game market or is the phone today. The titles that can be counted as the legendary Counter-Strike or PUBG are phenomenal in all countries today. If you want to review the past with Counter-Strike, but graphics are better, then you can try Counter Terrorist 2-Gun Strike. The game will help you remember the excitement as well as the fun entertainment when you win the opponent in the past. The gameplay will definitely make you happy after the time you die in PUBG too much. The most famous FPS game of all time First, when you hear the name of this game, you can definitely imagine how to play than right. In this game, you will play as an anti-terrorist with special equipment. There will be a number of guns that will remind you of a glorious time in Counter-Strike. Some of the guns that can be quoted are yours at the same time as the AK-47, MP5, M4,... And more, because these guns are quite close to each other, so you are sure that each person will choose their own guns according to some criteria such as damage, stability, ... You can own a gun with a set of money in the game. In terms of the number of guns you can own up to 20 people in the store and one of them is quite powerful. So let's choose a truly destructive monster. As for ammunition, you have the right to buy ammunition before combat or in combat. Buying ammunition in battle will save you a lot of time and kill more enemies. Second, the game mode, the game is divided into several levels from easy to hard, the higher the higher the reward more diverse. You can choose from all to practice the game smoothly because most guns on the phone are more difficult on the computer. Manufacturers have anticipated and made adjustments in the controls will help you experience the best part of this shooter. You can adjust the fire automatically in the fight without having to go out and then adjust. You can also adjust the sensitivity of the viewfinder when shooting on distant targets. And after each release, the producers launch beautiful new terrain that allows you to try many places as well as experience new and not boring for you. But other than that, you should be careful with your opponents at different levels, because the higher the level, the more damage and damage the terrorists will cause. And the terrorists (BOT) will be smarter, so it shouldn't be subjective when it's BOT. So be careful when facing these terrorists and get the highest results. Through this article, I'm sure you've found a game that suits you. Don't hesitate to try it and show off your previous shooting skills. Have a nice time playing the game!
